Mary, Mother of the Church Parish Sacramental Program

July 1, 2015

Dear Fr. Martin O'Reilly,

I am without a doubt ready to receive the Sacrament of Confirmation. I have been blessed with parents that have not only given me birth but have shown me the virtues of being a Catholic. I'm so very, very fortunate that my 9 siblings and I grew up in a household where we wanted to attend Mass and not just that we had to attend Mass. I hope that I will continue to follow in my parents path well into adulthood.

Over the course of my Confirmation preparation, I had been asked to do at least 20 hours of community service. Initially I was overwhelmed with the thought of 20 hours. Where were these hours going to be taken from in my already busy schedule? In actuality, I have gone above and beyond the required number of hours and will continue to serve others however I am able. A few of my favorite services were making PB&J sandwiches for TASK, being an assistant at the local Library and helping out at the Parish's Vacation Bible School. I realized I had so much more of myself to give, than I'd ever given myself credit. I just loved working with others and being able to give and not always get something back in return.

I have been blessed with a wonderful Aunt Edie who not only has been my sponsor, but is also my God-mother. Aunt Edie has kept my faith strong with weekly calls or texts. She reminds me that Jesus is always by my side through the tough times. There have been many times my strength has wavered this year. I tore my ACL and have been unable to play soccer. I know that doesn't seem like a fail but I've played my whole life. Now I know I'm being tested but with my Aunt's strength and encouragement to continue in PT, I know I will be back on the field and scoring again.

During the year, I have also been attending religious classes. We have been strengthening our bond with God through his words and actions. I feel that making Confirmation will bring me even closer to my faith. Where my parents chose me to become a Catholic at Baptism, I am now ready to make that choice in Confirmation. I have spiritually grown over the years and want to continue as a child of God now as a teen. I have learned so much more than just praying. His guidance has helped me grow as a person.

Sincerely,

Mrs. Zola
